Why us

- **No VAT to add.** Not VAT registered, so nothing goes on top.
- **City & Guilds qualified** bench joinery and engineering.
- **Fixed written quotes** that do not creep.
- **One team** start to finish, tidied every evening.
- **12 month guarantee** on all workmanship.

The small print. Prices are starting points and assume reasonable access and sound existing pipework. If we find something behind the wall (rotten boards, lead pipe, no waterproofing) we stop, show you, and agree the cost before carrying on. Nothing is ever added to your bill without your say-so. Bathroom electrics requiring a certificate are carried out by our qualified electrician and the paperwork comes to you.
